> **Lawyer review focus for this Order Form:** > - Confirm the founder-pricing lock-in language is enforceable as drafted (12-month cap, 50-client cap). > - Confirm the "no message sent without explicit tap" line is consistent with the HITL clause in the MSA. > - Confirm the 7-day grace + suspension clause is market for Lagos SaaS. > - Confirm the metadata retention period (13 months) aligns with what the DPA states.
